

Engepol Geossintéticos Ltda

Dear Sirs

We thank you for your kind interest in our products.

First of all we would like to introduce ourselves as a Brazilian group of industries, oriented towards the manufacturing of Geosynthetics products, construction items, agricultural films and general packing.

Our company is the leader in Latin America in manufacturing of Geosynthetics products and services to public and private companies. **ENGEPOL** as manufacturer and supplier of Geomembranes established in Brazil since 1991 has over thirty one millions square meters of Geomembranes installed in waste landfills, water and wastewater treatment industries, mining and other activities concerned to environmental protection.

We are also engaged in the HDPE Geomembranes for irrigation canals, aquaculture, lagoons, floating covers, fire protection tanks, secondary containment and other impermeabilization systems.

The annual manufacturing capacity of **ENGEPOL** geomembranes is 12.000 tons.

ENGEPOL is committed in supplying the highest quality products and services in order to match the demands and needs of our clients.

Geosynthetics products are manufactured in Canoas – RS (**ENGEPOL** plant) and in Barueri – SP (**NORTÉNE** plant), Brazil, employing modern extrusion technology including **flat die** and **blown film**, producing smooth and textured Geomembranes.

Our **HDPE** Geomembranes are manufactured under International **Norm GM – 13** as well as our **LLDPE** Geomembranes are manufactured under International **Norm GM – 17** of **GRI** – Geosynthetics Research Institute using exclusively virgin resin.

Nowadays **ENGEPOL** has a complete line of Geosynthetics to offer, including also welding rod, anchor strip, geocomposite, geotextile, geonet, Prefabricated Vertical Drain (PVD), Geosynthetics

Engepol Geossintéticos Ltda

Clay Liners (GCLs) and others products, besides installation services and technical support to meet customer's needs.

To learn more about our company and products we encourage you to visit our web sites www.engepol.com and www.nortene.com.br.

By the way, please be informed that **ENGEPOL** has frequently exported its products to Latin America, Europe, Asia, Africa and Middle East and we would be very interested in supplying our products to your company.
